Matrix: Realist Tax

Description: Realist Tax delivers in-depth data on properties across California and cutting-edge technology that provides agents and brokers with the perspective necessary to identify, understand, and act based on that data. The all-new version of Realist is faster, responsive, and no longer requires Adobe Flash.

In this class, you will learn about Realist's powerful and flexible capabilities, such as:

- Reliable, in-depth property data and local market information
- Customization, including integrated and advanced mapping
- Professional, customizable reports
